I am in receipt of your email dated Saturday, March 10, 2018. Due to the scope and breadth of your request, the BID will require an additional 14 days to respond to your California Public Records Act request. On or before March 26, 2018, I will be better able to determine the nature of the documents that exist and whether some or all of the records are exempt from disclosure. Please be advised that while a search for "Westwood Forward" will be made, a search for the words "Westwood" or "Forward" will not be made because the public benefit would not outweigh the burden of this search.

Thank you.

Andrew Thomas

I need to see all attachments to these emails in their native formats as well. This will happen automatically when you supply emails in one of the listed formats.
